EDUCATION

B.E. Electronics and Communication Engineering
AVS Engineering College
2023 - 2027

HSC - MathComputer
Bharathi Vidhyalaya Higher Secondary School
2023

TECHNICAL SKILLS

- Programming :** Java, JavaScript, TypeScript
- Frontend :** HTML, CSS, React JS, Tailwind CSS
- Frameworks :** Next.js
- Tools :** Git, GitHub, VS Code

CERTIFICATIONS

- TypeScript — Infosys Springboard, 2026
- HTML5 - The Language — Infosys Springboard, 2026
- Basics of Python — Infosys Springboard, 2026
- 30 Days MasterClass in Artificial Intelligence — NoviTech R&D Pvt. Ltd., 2024

SOFT SKILLS

- Problem Solving** - Strong analytical thinking for debugging and design challenges
- Quick Learner** - Adapts quickly to new tools technologies.
- Team work** - Good collaboration and communication in team environments.
- Time Management** - Able to prioritize tasks and meet deadlines.

CURRENT FOCUS

- Building full-stack applications with React, TypeScript and Node.js.
- Strengthening backend and REST API development.
- Practicing data structures and problem solving.

PROJECTS

Inventory Management System

TypeScript, React.js, Node.js, Express.js, Tailwind CSS, REST APIs

- Developed a full-stack inventory management application for managing products, stock, pricing, and inventory data.
- Built RESTful APIs with Node.js and Express.js for creating, updating, retrieving, and deleting inventory records.
- Implemented a responsive React.js + TypeScript interface with reusable components and Tailwind CSS.
- Added client-side and server-side validation to ensure reliable and consistent inventory data handling.

Portfolio Website

React.js, Next.js, TypeScript, Tailwind CSS

- Built a responsive portfolio to showcase projects, technical skills and development work.
- Implemented responsive layouts using Tailwind CSS and modern React/Next.js patterns.
- Developed reusable components with a clean and modern user interface.
- Integrated GitHub links and live project previews for direct access to project work.
