

ABOUT ME

Motivated Electronics and Communication Engineering student with a strong interest in software development and modern web technologies. Hands-on experience building responsive applications using React, Next.js, TypeScript, JavaScript, HTML, CSS and Tailwind CSS. I enjoy solving practical problems, learning new technologies and turning ideas into working projects. Currently focused on strengthening software development skills and building real-world applications that demonstrate clean UI, reusable components and practical functionality.

EDUCATION

B.E. Electronics and Communication Engineering

AVS Engineering College
2023 - 2027

HSC - MathComputer

Bharathi Vidhyalaya Higher Secondary School
2023

TECHNICAL SKILLS

- **Programming** : Java, JavaScript, TypeScript
- **Frontend** : HTML, CSS, React JS, Tailwind CSS
- **Frameworks** : Next.js
- **Tools** : Git, GitHub, VS Code

SKILLS

- **Quick Learner** - Adapts quickly to new tools technologies.
- **Problem Solving** - Strong analytical thinking for debugging and design challenges
- **Team work** - Good collaboration and communication in team environments.
- **Time Management** - Able to prioritize tasks and meet deadlines.

LEARNING

- Self-learning in React, JavaScript, TypeScript, Tailwind CSS and Next.js.
- Practical learning through personal web development projects.
- Continuously improving frontend development and programming fundamentals.

PROJECTS

Portfolio Website

ReactJS, Next.js, TypeScript, Tailwind CSS

- Built a responsive portfolio to showcase projects, technical skills and development work.
- Implemented responsive layouts using Tailwind CSS and modern React/Next.js patterns.
- Developed reusable components with a clean and modern user interface.
- Integrated GitHub links and live project previews for direct access to project work.

To-Do App

ReactJS, JavaScript, HTML, CSS, Tailwind CSS

- Developed a task management app with add, delete and clear functionality.
- Used component-based React development and Tailwind CSS for styling
- Implemented dynamic UI updates using React state management.
- Designed a responsive and clean interface for practical task handling.

TECHNICAL PROFILE

- **Frontend Development**
React, Next.js, Tailwind CSS, responsive layouts and reusable UI components.
- **Programming**
Java, JavaScript and TypeScript fundamentals with practical project experience.
- **Version Control**
Git and GitHub for source control and project hosting.
- **Development Tools**
VS Code and modern frontend development workflows.
